

## For 12% you get 100%

For 12% of your income, you get 100% of this support:

### What does a relationship with CultureTrust look like?

**Co-Management.** Our relationship with our projects is one of “co-management”. As the Project Director, you are responsible for continued communication with your dedicated CultureTrust Community Director. Through monthly, one hour touch-bases, your Community Director will help you plan strategically for your project, crunch numbers, and lay the foundations of actionable fundraising and marketing plans. We’re in this together!

**Clear boundaries.** You retain creative control and autonomy over your project. We will only comment on your creative vision unless you ask us! CultureTrust provides fiduciary oversight for your project.

**Transparent.** You will never be left in the dark concerning your organization’s finances. In fact, you as the Project Director must approve all receivables or payables before we process them. Profit and Loss reports are an email away. You can even check your account balance via our online portal system.

**Collaboration.** You will be in the company of **100+** (as of 1/1/19) other CultureTrust members and a [larger community of over 210 creative entrepreneurs](#). Hence, the possibilities for collaboration on projects, grant proposals, and events are endless!

## What are some of the benefits of membership?

**Support.** You will walk into an ecosystem of support, customized guidance, and genuine care. This support begins as soon as you [join CultureWorks](#) with a 360 Assessment of your project performed by one of our staff members. Set goals and secure resources right away!

**Shared Office Space.** As a Trust project, our home becomes yours. The CultureWorks address becomes your official mailing address. In addition, you will have 20 flex hours of access to our shared office space per month! Enjoy free coffee and tea, access to WiFi, printing, scanning, and copying, and more. Our full conference room and smaller break out rooms are the perfect places to hold meetings, interviews, and events.

**Coaching & Consulting.** You will receive one free hour of specialized coaching per quarter (by request) and access to deeper consulting engagements (for longer projects) at discounted rates.

**Save Time.** Regain valuable time to focus on fulfilling the mission of your organization. You will no longer need to worry about:

- figuring out Quick Books or another accounting software
- holding the full financial liability of your project
- securing and paying General Liability Insurance fees for events, etc.
- undergoing annual audits/owing the IRS for money from your project you collected as a Sole Proprietor
- tracking and paying multiple vendors/independent contractors
- processing deposits
- managing donor databases
- managing grants
- reconciling your bank accounts
- figuring out how to sustain your organization alone
- and more!
